Camps & Lessons

What We Do

The Total Skills Camp emphasizes all parts of the game. This includes fielding, pitching, catching, hitting, and base running. This camp is great for all ages. One of the many great qualities of this camp is the one on one instruction you will receive from the Wildcat staff. Instructors for the camp will be the WSC coaches and players. This camp also serves as a great tool for evaluation from our staff to any potential college baseball player. This will be a great camp for any player to help them enhance their game!

More about our story

A lot of success can be shown on the field, with a winning tradition prevalent in many winning seasons. However, the baseball team takes pride in more than just winning. The WSC Baseball team also understands the importance of performing well in the classroom. The team GPA is around 3.25 and among that, 9 players recently received the all-academic conference team this past Spring of 2018.
